

Personality Assessment System-Bibliography of Explicit References, 1953 to 1986.

Richard York and Barbara Allen;

The criterion for inclusion in this bibliography is specific, explicit mention of the PAS in the paper, article, or book. We acknowledge that there are many references in the literature to scatter analysis on the WAIS and other PAS relevant concepts, but they were not included.

Amolsch, T. J., & Henrichs, T. F. (1975). Behavioral correlates of WAIS profile patterns: An exploratory study. *Journal of Personality Assessment*, 39, 55-63.
